NEW: We added the capability to monitor a second student!
If you don't have a second student to monitor, please insert your information (or that of your spouse) in the second section so you can monitor your online image and set a good example for your family.

See what real moms say:
I love Footprint Friday! My son has applied to college and it was great to see what colleges might be seeing. My daughter is a freshman and I love that now we can shape stuff regarding her and talk about why what you put out there is important. I have forwarded it to friends so that they can find out about it also!
Tammy, Monterey, CA
