Student Name (print): \_\_\_\_\_ Date: \_\_\_\_\_

This year-long course follows a recommended advanced-placement curriculum and surveys works of major authors of representative time periods. Students will cover a broad range of materials associated with reading analysis and writing expected in a college-level freshman literature course. They utilize methods and language of literary criticism in composition and do close reading of novels, drama, and poetry by critically acclaimed authors. Students continue to study grammar, usage, and vocabulary, and complete a cross-curricular research paper using the MLA style; they will also review APA and CMS styles. All units include reading, writing, speaking, and listening opportunities. Throughout this course, students prepare for the AP Exam administered by the College Board in May. College credit may be earned and is dependent upon the AP test scores and the standards set by the Board of Regents of the particular college/university selected by the student. Summer reading is required
